

Greetings Douville Racing Team Fan,

Just a polite reminder that our first ever Douville Racing Team Benefit Racing Party (see attached invite) is only 3 weeks away (March 13th from 5-11pm) and preparations are coming along nicely.

The Car is done (I've attached a photo) and we represented the SCoNE circuit this past weekend at the Racin-Paper Preview car show in Portland Maine and it was a huge success. The 7x Sprinter will be on display for everyone to look at and touch. I think everyone will like the two tone we did as it combines the "Old-School Orange and the Blue we used for a few years on the dirt between 2003-2007.

Along with Dr. Dick Berggren signing autographs, The SCoNE Series president and Race Director will be on hand to promote our sprintcar series..... and the official SCoNE photographer

and PR guru Don Macintosh from Dmac Racing Photos (<http://dmacracingphotos.com/>) will be there ready to take orders from a variety of personalized photographic products of your choosing.

Additionally, I have confirmation from All 3 dirt tracks in New England that they will have representation there to answer any questions and hand out schedules and the like. Also for your viewing pleasure good friend and quazi Cousin-in-Law and former Dirt Track Late-model demon George Hill will be on site promoting his new website dedicated to New Hampshire short track racing heroes (<http://nhshorttrackheroes.weebly.com/>) along with fellow racing fans the Davis Brothers who will have numerous photos, models and racing stories from all the tracks and stars from New Hampshire's past and present on display.

And for your listening pleasure, good friends and Douville Racing Team Fans Marty Pelletier and Mike English and their band "The Jack Pine Holdouts" will be playing a variety of Bluegrass and folk music for us to enjoy!!

We will have a spaghetti dinner available around 7:30 for those who would like to stay and eat with us.....

All can be had for for only a donation of your chosing at the door.....!!

We hope to see eveyone and any friends you might want to bring along there, until then... keep the hammer down and the shiny side up!!!

Danny
